Welcome Concert Perugia BigBand

Hotel Giò Perugia

Monday June 22, evening

The jazz concert will be performed by the "Perugia BigBand". The musical performances of "Perugia BigBand", inspired to the great America's orchestras, offer an extremely enthralling repertoire, ranging from swing jazz to sans vocal rhythmic jazz; from the unique Duke Ellington sound swing, to some of the most renowned hits by Frank Sinatra to the fine arrangements by Bob Minster going through some of the big orchestras milestones by Count Basie, Herbie Hancock, Don Menza & Buddy Rich, Horace Silver by GRP All Star, Gordon Goodwin. Started at the beginning of the '80s, the "Perugia BigBand" numbers several hundreds performances in festivals, theaters and televisions in Italy and several European Countries.

The Concert **"Burt Bacharach & Henry Mancini .. Two gentlemen of world music"**, features lounge-pop-music & film-music.

Burt Bacharach's 6 Grammys + Henry Mancini's 20 Grammys, in addition to the Oscars for both, make these two giants, as much as pop & film-music of all time: The Pink Panther, Moon River, Blues Brothers for Mancini as well as Magic Moments, The Look of Love, I Say a Little Prayer for Bacharach, are just a few very small references compared to the ocean of beauty that they left us. The repertoire, which will be divided into two movements, will ride like what is defined as great Music.

A welcome toast with a cup of Italian "Spumante" will take place before the Concert.
